

UGEPRER 2022

Training Course on Uranium Geology and Exploration, Uranium Production, Radiation Safety and Environmental Remediation for UGEPRER III, UGEPRER V, UGEPRER VI 2022

During 2022, there were three training courses organized by the International Training Center World Nuclear University School of Uranium. By running these courses, we have trained 38 participants from 30 countries.

UGEPRER III 30. 5. – 24. 6.

UGEPRER V 3. 10. – 28. 10.

UGEPRER VI 7. 11. – 2. 12.
